## **BOARD MEETING HIGHLIGHTS**

The last board meeting was May 13<sup>th</sup>. We are down to 40 senior members. Two new members voted in and one application still pending. Siding is complete and looks great. The sailors will use the existing hill for the only regatta this summer. The hill project is still under discussion and no solution to the steep grade. There has been interest in teaching kids how to sail from lake residents. Discussion on when and how to implement a sailing program for kids was discussed. Still looking for a chair person for the Labor Day pancake breakfast. Discussion of lack of workers on dock day and how participation is lacking for all events. Suggestion was made to have a job board so that is a member want to donate sometime to the club there would be a list of small projects to complete. Discussed the Yardarm going electronic and the possibility of some hardship for our older members. Suggestions were made for those without computers was to use the library, ask a club member or family member to help with computer access issues or stop by the club to get a hardcopy. Three new members were voted in. Welcome to senior members Jared Hall and Mr. and Mrs. Johnson and sailing member Chris Kilmer. Brent Williams has agreed to be the building and ground chairperson. Would anybody like to be on the board as a member at large? Contact Charlie Butchart ASAP. Next board meeting June 10<sup>th</sup> at 7:30pm.
